Board postpones decision about extension of SSFC's summer arts program

by Susan Grober

A decision over whether the board of education will allow Sir Sandford Fleming College an extra week of courses at the high school was postponed after a lengthy debate.

Previously, Barb Bolin requested an extension to hold one more week of courses at the high school next summer. At last Tuesday's meeting, the board considered letters from the school's principal and custodian which state the move would cause some difficulties.

"It would leave us with only two weeks before school to get ready," explained board Business Administrator Jim Bradley. During that time, any major painting, washroom repairs and room renovations are performed, and teachers are constantly moving in and out to prepare for the beginning of school.

"I'm not saying it would be impossible, but it would be a tremendous burden on the staff," said Bradley.

HHSS Principal Peter Forgrave said the custodians had a tight enough schedule when preparing the school last summer. "In our opinion, there just isn't enough time to get it done in less time."

Chairman Len Salvatori asked why some work can't be done during breaks in March and at Christmas.

"We do," said Bradley, explaining that such repair work is performed year-round. But it is especially hectic during the 8 to 4 p.m. summer shift.

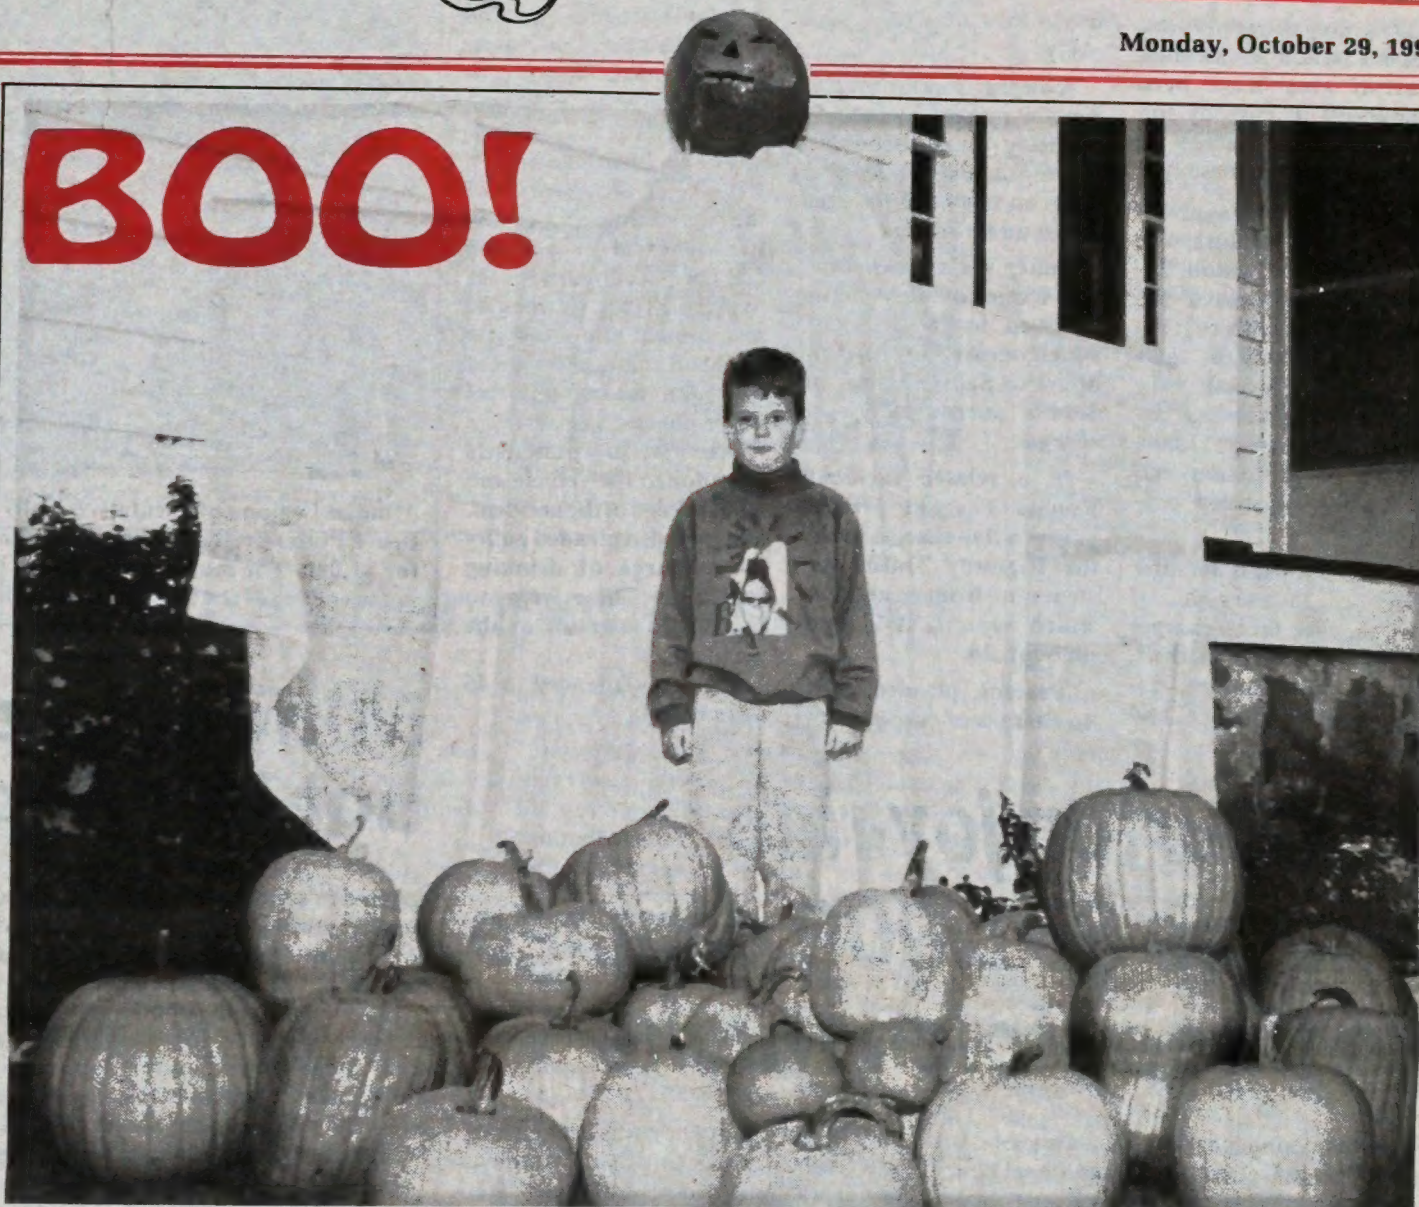

"It is virtually the whole school that is consumed with the care staff we have (then)," he said. "It's awful tight. I don't think we can do it... It takes a week to wax the gym alone."

Bolin said the college clears the gym on the Friday night courses end, and it takes only three days to leave the rest of the school during the following week.

She suggested custodians could work

BOO!

Graham Wilson seems pretty calm despite the fact that Halloween is just around the corner, and a spooky ghost is over his shoulder. This business-minded nine-year-old is selling pumpkins for \$3 and \$4. For more information on this ghastly deal, check out Graham's ad in our Classified section.

Ride for Sight decision stands

Council offers support for South Lake Trailer Park alternative

by Jay Kerr-Wilson

Minden council has decided not to re-open the discussion regarding Ride for Sight's return to the village, but offered some support for the event going to the South Lake Trailer Park in Snowdon.

Last Thursday, Minden resident and business owner Micheal Homestead presented council with a 400-name petition asking the township to reconsider

its Oct. 11 decision not to invite the Ride back.

Council also received a petition, with about 70 names, signed by people who don't want the Ride to return and support the earlier decision.

In addition to the petitions, the township was also sent a number of letters from people on both sides of the issue.

Homestead began his presentation by reading a letter he wrote to council

which appeared in last week's *Times*.

In the letter Homestead questioned the manner in which the Oct. 11 meeting has handled, saying not enough time was given for discussion or reflection. He said council should have held a public meeting on the issue and delayed the vote until negotiations with the Ride organizers could satisfy township concerns.

Conciliation fails, ambulance strike looming

by Jay Kerr-Wilson

Haliburton County ambulance crews could be on strike by the end of November.

A meeting in Lindsay last Wednesday between Anson, Hindon and Minden,

union representatives and a provincially appointed conciliator failed to bring the two sides any closer together.

Union spokesman Terry Krulicki said the meeting didn't go well and no agreement has been reached. He has asked for a report from the Ministry of

Labour, and 15 days after that report is delivered, the ambulance crews will be in a legal strike position.

It usually takes 10 working days for the ministry to compile the report, but Krulicki says he has asked that the report be completed as soon as possible

with no delays.

Krulicki said that unless the township changes its position, there is a clear indication from the membership that there will be a strike called.

Suspects in sexual assault detained in Lindsay jail following review of bail

Two men charged with a sexual assault in the Haliburton area have been remanded in custody following a bail review in Lindsay last Wednesday.

Ronald J. Pearson, 18-years-old of Haliburton, and Shawn E. Easton, 21-years-old, of Orillia, are both charged with aggravated sexual assault, theft over \$1,000, forcible confinement, aggravated assault, theft under \$1,000, breach of probation and possession of stolen property.

Also charged is Jennifer Pearson, 20-years-old, of Orillia. She faces charges of aggravated assault, theft, breach of probation, obstruction of justice and

possession of stolen property.

Ronald Pearson and Easton remain in custody awaiting a preliminary hearing on Nov. 13. Jennifer Pearson has been released on an undertaking.

Police are not releasing the name of the victim involved in the incident, which occurred in the early hours of Sept. 29, nor the details surrounding the charges.

In a related incident, Ronald Pearson pleaded guilty to five charges under the Highway Traffic Act stemming from an accident which occurred at 11 p.m. on Sept. 28.

Pearson pleaded guilty to charges of careless driv-

ing, failing to remain at the scene of an accident, operating an unsafe motor vehicle and misuse of license plates.

The accident occurred on Highway 118, just east of the Irish Line. Police say Pearson was driving a 1980 Chrysler Cordoba at speeds of up to 130 km/h when he lost control and entered a ditch on the north side of the road taking out five guide posts.

The driver and passengers abandoned the vehicle and left the scene of the accident. Pearson also pleaded guilty to a charge of drinking underage. There were no injuries as a result of the accident.

He was sentenced to 45 days in jail.

Haliburton joy-ride causes \$51,000 damage to three stolen trucks

Three people charged with a series of break-ins in Haliburton village are scheduled to enter pleas in a Lindsay courtroom tomorrow (Tuesday).

The charges stem from a series of crimes committed in September and October, including the theft of three trucks from Elstone Motors, a break-in at Curry Motors Auto Shop, a break-in at a Haliburton Lake Cottage and a break-in at Duchene's Service Centre in West Guilford.

Jeff Bounsall, 18-years-old, of Dysart, faces seven counts of break, enter and theft, seven counts of possession of stolen property, five counts of theft over \$1,000, four counts of breach of probation and one count of mischief.

Some of the charges against Bounsall are in connection with a break-in at the Haliburton Auto Shop.

Kevin Thurston, 20-years-old, of Dysart, is charged with six counts of break, enter and theft, six counts of possession of stolen property, four counts of theft over \$1,000 and one count of mischief.

Thurston also faces a charge of possession of a narcotic after police discovered a vial containing the residue of cannabis resin while executing a search warrant.

Also facing similar charges is a Young Offender who can not be identified under the Young Offenders Act.

The charges stem from a crime spree that began when a Haliburton Lake cottage was broken into sometime between August 15 and September 22 that involved the theft of several appliances including a 20-inch colour television.

Then on the evening of September 28,

Curry Motors body shop was broken into and a 1989 Chevrolet Cavalier was stolen. The car was returned several hours later but had damages estimated at \$1,521.

On Oct. 10, thieves broke into Elstone Motors and stole a 1989 Dodge Dakota and a 1989 Jeep. During the ensuing joy-ride the Jeep was involved in an accident and abandoned on a remote trail.

The suspects returned to Elstone Motors and drove off in a 1990 Dodge Ram.

The next stop was West Guilford where Duchene's Service Centre was broken into and \$400 worth of chips, soft drinks, chocolate bars and cigarettes stolen.

Soon after, the Dodge Ram was abandoned and the thieves continued their trip in the Dakota, ending up at Haliburton Highlands Secondary School where they tore up the football and field hockey playing fields and damaged the field hockey nets.

The rampage ended at 5 a.m. on Oct. 11 when the Dakota was left parked at the Sir Sandford Fleming College campus in Haliburton.

The estimated damage to the three vehicles is \$51,000.

Thurston, who has no previous criminal record, was arrested on Oct. 17. Bounsall was arrested on Oct. 16, and has been previously convicted on charges of break, enter and theft.

Thurston was denied bail during a bail hearing in Lindsay last Wednesday. Bounsall elected to remain in custody until the pair appear in court on Tuesday. The young offender will appear in Young Offender Court, also being held in Lindsay on Tuesday.

Minden Legion representatives Sally Bonner, far left, Bruce Legere, far right, and Bruce Potter present Minden Hospital administrator Jean Anderson with a cheque for \$1,000. The money, raised from the annual poppy campaign, will go towards maintenance of the hospital's blood bank, which the Legion donated in the spring.

Minden's zoning by-law not in effect; lawyer

Minden's new comprehensive zoning bylaw 86-26 isn't in effect, says the municipality's solicitor.

In a letter to the municipality, Stephen Woodcock suggests altering the municipality's current practice of amending only the 86-26 bylaw for rezonings.

In light of an October 16 Ontario Municipal Board hearing, Woodcock advises that the previous bylaw, 14-67, must also be amended if the applicant wishes to

obtain a building permit.

Woodcock's suggestion holds for existing and future rezoning applications, and current applicants will be invited to amend their applications in accordance with the change.

Building permits will be permitted for those rezonings already approved by council, assures Clerk-Treasurer Mary Mysyk.

At the October 16 hearing it was learned the 86-26 bylaw is not in force because

there are four site specific appeals to the municipal board against the bylaw.

The change "is an interim measure only which can be eliminated upon adjudication of the appeals against bylaw 86-26," wrote Woodcock.

Lutterworth won't plow narrow road

A request for snowplowing of a private road has been turned down by Lutterworth Township Council.

Marilyn Rush wrote a letter to council asking if the township would snowplow her road, an extension of the Murdoch Road. But council agreed there is

insufficient room for the snowplow equipment to manoeuvre in the area.

"You couldn't turn around there to save your soul," said Councillor Bill Valentine.

The township will reply that its equipment can't handle the job.

Teachers input sought into building of two additions

by Susan Grober

Three elementary school teachers will be chosen to offer their input on a plan to build additions to the Minden and Haliburton schools as a result of overcrowding.

"It's good to have information from the people who've got to work (in the schools)," Trustee Tim Casey said at last Tuesday's board meeting. "They have a little better handle of the nuts and bolts."

During last Tuesday's board meeting, trustees decided to add one teacher each from the Archie Stouffer, Victoria Street and J. Douglas Hodgson schools to the accommodation committees to get their views on a plan to build additions in the two villages.

Trustee Wayne Wood debated whether it was necessary that each representative be a member of the teaching staff. "I would think a custodian would be better than a teacher, even."

Board Director Stuart Baker said it's the teachers who deal one-on-one with the students and know what type of accommodation would be necessary.

"There's a lot of materials used in primary division schools, and they know the shape of the classroom to accommodate the types of furniture they want," Baker said as an example, noting that ultimately the final okay must be given by an architect.

Suggestions offered by the teachers may or may not be feasible, said Baker. "I don't know whether the architects will agree with them, but I think their suggestions should be heard."

Baker then recalled offering input on the construction of J. Douglas Hodgson school when he was a teacher.

"I made two suggestions which were not heeded," Baker said. One, to install lockers, was ignored until years later when it was realized students needed a space to store their books and belongings. The other suggestion was to heat with electricity rather than hot water, "which had been the cause of continual problems" such as rusted pipes, constant breakdowns and uneven heat, said Baker.

"Perhaps electric heat was too expensive at the time, I do not know," he said. "I thought it was a better method."

Class extension would hamper cleaning

(from page 1)

on rooms the college leave empty such as washrooms, the gym and music room. "There's lots to do."

"But we can't get at the halls (to clean the floors) because all the desks are out there," said Bradley. "It's not economically feasible to do the washrooms and not do the halls at the same time."

"I suggest you close off one wing to us," said Bolin.

Trustee Tim Casey asked whether the custodians could be paid to work overtime.

"We're not talking about time, we're talking about impossible," said Trustee Leroy Eager. "It wouldn't hurt them to work a little extra (in the time they have)."

Forgrave vouched for the custodians, saying they work very hard "with maximum manpower."

Superintendent of Education Dale Robinson suggested the college could hold some courses at J. Douglas Hodgson school next door.

"It seems to me we're trying to load all things in our (high) school... If we run it all summer, it won't look as good and won't be ready. We could take the pressure off HHSS by using JDH."

Previously, this idea was turned down because many of the college art courses are too messy to be held in Hodgson's carpeted classrooms. "But not all JDH rooms are carpeted, and not all Fleming

courses will hurt the carpet," Robinson said.

Casey said this idea has merit, and appealed to the board to come up with a solution allowing the fine arts school an extra week.

"It's a big thing for our community here," Casey said of the summer school. "I think every effort should be made. Everybody's got their backs up over working faster, but it's important we work something out."

Trustee Wally Bunn said the board's first consideration should be its students. "I've got nothing against Sir Sandford, but these schools are built for the kids. And it should be ready for the kids. Why can't J.D. Hodgson be used?"

Director of Education Stuart Baker cautioned the board against making any hasty decisions on the matter since so many people see difficulties in allowing the extra week. He also added one more problem to the list.

A number of parents new to the area contact Baker each summer to tour the school before registering their children, and he wants to present the best impression.

"I think the board has been really generous to Sir Sandford," said Baker. "But we're struggling to keep registration at 600 or more, so to give an excellent tour when visitors come is important."

"I think the Hodgson school should be looked at as an alternative," he added. "Some of those rooms are in need of

tender loving care. Sir Sandford offers good courses, but they are hard to clean up."

Bolin reminded Baker that the college staff cleans up after its 750 students and 100 teachers leave the school. And Baker commended Ed Muenzel for his work with the high school staff.

"He deserves all the credit in the world. It's very difficult to get up and running smoothly in so little time."

When asked if Sir Sanford would be prepared to cover the possible cost of overtime for custodians, Bolin said the college would consider it.

However, Bradley said he's not sure the unionized custodians would agree to it. "That's asking the men to work 50 per cent overtime. It's too much. Those men are under a tremendous workload already."

Chairman Len Salvatori recommended the board support the extra week. "In Haliburton County, there's only one thing going on, and that's tourism. We must make use of this program. It's a great thing for the community."

"I see this thing growing, and they should start looking for other accommodations," said Trustee Cheryl Murdoch.

"We have to give a little here," Salvatori stressed to the board with frustration. "We don't give enough. Attitudes are terrible... If you don't want to make it work, it won't work."

A meeting will be held to discuss the matter between Casey, Salvatori, Murdoch, and representatives from the high school and Sir Sandford Fleming.

HHSS students will publish book on cosmic theories

by Susan Grober

A group of local high school students will be using their individual talents to publish a book on the controversial theories of Russian scientist Immanuel Velikovsky.

HHSS teacher Frank Wallace has debated Velikovsky's theories on the universe with Grade 11 students at the high school for years.

Now Wallace wants students to help publish a book of information gathered

on the subject at a conference he helped organize in Toronto earlier this year.

More than 100 people have requested material from the conference, and are willing to spend about \$25 for the book, Wallace told the Haliburton County Board of Education at last Tuesday's meeting.

Wallace said \$8 would cover the cost of publishing each book, and surplus funds would go to a cafeteria program for students who can't afford to buy a lunch.

"I think it's a tremendous opportunity for kids to do this," Wallace told trustees.

Students in Ontario Academic Credit level English, computing and accounting courses would be involved in the project. Wallace assured trustees the work would be done for credit in regular class time for a maximum of two months.

Material gathered from the conference and the classroom would be edited and transcribed onto computers, and sent by modem to Toronto to be laser printed.

"I think it's a good idea," said Lutterworth Trustee Cheryl Murdoch.

The board granted Wallace permission

for the project.

Velikovsky's most famous theory is that Venus was at one time a comet which collided with Earth, knocking it off its axis and reversing its poles, which may have accounted for the temperature changes causing the Ice Age.

The author of *Worlds in Collision* also believed other heavenly bodies have brushed past the Earth, and that our mythologies are a record of ancient cosmic cataclysms.

Editorial

Why the wait?

Currently Minden is suffering from another example of the provincial government's insensitivity towards the needs of small rural municipalities.

The township has discovered that its comprehensive zoning by-law, which was passed almost two years ago, can't be enforced until objections to the by-law are settled.

This means the township is caught between the old 1967 by-law and an updated new by-law that's unenforceable.

To make matters even more frustrating is the fact that last summer, the Ministry of Municipal Affairs told the township to disregard the 1967 by-law and treat the 1986 document as if it was already in force.

There should be no excuse for the unreasonable delay in bring the objections against the new zoning by-law to a conclusion.

While the necessary paperwork lies collecting dust on some provincial bureaucrats desk, the township's planning office, local developers and residents who filed objections to the zoning by-law are left in a state of limbo.

And a recent Ontario Municipal Board hearing for Hans Walter's rezoning application indicates the province won't address any objections until the entire by-law is dealt with.

The township's zoning by-law is the centre-piece of all planning and development strategies and Minden can't afford to sit around waiting for the province to finally settle the matter.

Zoning for many Minden properties are now in question and the time and effort needed to do the paperwork for both the old by-law and the new by-law are luxuries we can't afford.

There is no question that if it was the City of Toronto's zoning by-law, instead of Minden's, this question would have been settled long ago.

Premier Bob Rae recently told Metro Toronto council that there are more communities than just Toronto in the province.

Nice sentiment, let's see some proof.

Calling the boss "doll" during job interview is a faux pas

A lot of readers think I spend all my waking hours in a roach-infested flophouse garret, drinking cheap wine and eating mouldy heels of baguettes when I'm not throwing myself at the walls trying to come up with an idea for my next newspaper column.

Not true. Once in a while I slip down to the local radio station to host a weekly radio show. (The station could be described as a roach-infested flophouse but that's another horror story.)

The reason I bring up my Other Life is that my producer recently interviewed applicants for a research job on our radio show.

I found him the morning after, face down on his desk blotter, whimpering quietly.

Black 'n White

by Arthur Black

The job interviews had not gone well.

The first applicant who showed up was a chirpy, energetic woman with more questions than answers. "This program — it's kinda like a current affairs-type program, isn't it?" Well, no, said my producer, not exactly. He asked the job-seeker if she ever listened to the program. "Afraid not" she replied. "I mostly just watch TV."

The next hopeful was a breezy, affable guy wearing a sports jacket that could halt traffic and a pinkie ring that Curtin Strange could have teed off on. He cruised through the office doors and hove to in front of a woman he took to be the receptionist. After eyeballing her approvingly from stem to gudgeon he murmured "Hi doll, is the boss in?"

Alas for Lothario, "doll" was the boss. Director of the department and a woman whose subscription to *Ms. Magazine* has not lapsed. She asked icily if he treated all female office workers as personal flunkies. The guy, already up to his neck, dug deeper.

Opinion

The Times welcomes signed letters to the editor on subjects of interest to our readers. Short letters are most likely to be chosen for publication, but the use of any material is at the discretion of the editor. The editor reserves the right to edit letters to meet space requirements, for clarity or to avoid obscenity, libel or invasion of privacy.

Upon request, names may be withheld, but only very rarely and for compelling reasons. Letters published do not necessarily reflect the editorial policies or beliefs of this newspaper. All letters must bear the handwritten signature of the writer and include the address and phone number for verification purposes.

Council decision not to host Ride disappointing

Editor:

We are relative newcomers to Haliburton County (2 1/2 years). We purchased a tourist related business here mainly because we had been told how vibrant the Town of Minden was and receptive to community events, i.e. Ride

for Sight, Sled Dog Derby, ice racing, kayak and canoe racing, curling bonspiels, hockey tournaments plus the usual boating, fishing, snowmobiling, skiing, etc.

We were extremely disappointed by the decision of Minden council to turn away the Ride for Sight again. We

recognize certain problems must be confronted and addressed, but we believe the overall benefits to the community far outweigh any of the minor problems which will always be with us, no matter what the event.

There are many people in this community such as Val Lougheed who have spent many hours and much money to promote the activities of their interest. All businesses and ultimately the taxpayers benefit through increased money brought into the county. We feel the Chamber of Commerce should have more representation and influence on

county and township councils.

Unfortunately we do not reside in Minden and do not have a vote to influence the decisions of Council. However, we urge all those who do to consider the future of this community and to support those who selflessly strive to make it a better place to live and do business.

We hope we never see the day when the "lights" go out as one writer suggested last week.

Rose and Bob Thompson,
Noble Motel & Restaurant.

Potential for Minden missed

Editor:

I would like to make a few remarks about our council in Minden.

Instead of trying to sell the potential of this town you are blocking everything people are trying to do to improve it. We lost the industrial park which would have brought work to the town as well as additional tax revenue. We lost the bowling alley so there is no entertainment for young or old; it is a long winter.

What happened to the Hotel that was to be built? This complex would have offered employment to local young people and been a wonderful tourist attrac-

tion.

Now, because of council's short-sightedness we have lost the Ride for Sight, an event that brought much needed revenue to this community. Every new building project brings in tax revenue and employment.

All we get is the Bobcaygeon Road defaced because council can't agree on projects and follow through. A nice sight for tourists to see. Perhaps we should put up a banner reading "Minden Council at Work."

Lillian Davidson,
Staanworth Court Apartments.

Reconsider fire dept. plan

The following is a letter sent to Lutterworth Reeve Carol Puffer.

Dear Ms. Puffer:

Before you and the council commit yourselves to a fire department and a new township office, I believe you owe your taxpayers an opportunity to express their wishes in the matter, particularly as you already have an indication from Lisa Mercer that during her campaign many residents opposed the idea.

The article in *The Times* of October 9th contains a number of comments

that should be of concern to those of us who would wind up footing the bill. One wonders what the Economic Development Council's report contained that made you all so enthusiastic.

Since you found it necessary to ask for figures on the number of fires and cost increases that Lutterworth incurred over the past five years, one might assume that the report was not based on sensible cost comparisons and projections.

I would certainly be interested to

(more on page 7)

Freckles of Frost

Susan Grober photo

...and so is phoning your shrink for help with questions

(from page 4)

"Hey, lady, no way. I know you gals are EVERYwhere these days!"

And so it went. The applicants for the job grew more and more unsuitable, my producer grew more and more dismal.

Well, I could have taken him out for a drink. I might have fixed him up with a pair of mid-stripe tickets for the next CFL game. But I did something much more appropriate.

I went out and got a copy of the Robert Half survey.

Robert Half International is a well-known American firm that recruits executive and professional help for companies in the financial industry.

Last year they contacted the personnel directors of 100 major corporations, and asked them one simple question: what was the most unusual job interview you conducted?

The responses were more astounding and hilarious than the folks at Robert Half International could have hoped for. Personnel directors recalled interviews in which:

— Explaining that she hadn't eaten lunch, the applicant wolfed down a burger and fries during interview.

— Applicant with receding hairline left the office and returned minutes later wearing a toupee.

— Applicant sat down with a Walkman clamped to her skull explaining that she could listen to the interviewer and her favourite music at the same time.

— Applicant stopped the interview to phone his psychiatrist for advice on how to answer questions.

— Applicant dozed off and began to snore.

Still, a job interviewer can't always take things at face value. Never forget the experience of the editor of a Nevada newspaper who looked up from his desk one day to see a stranger, covered with dust, a filthy hat on his head and a bedroll on his back. Flopping in a chair, the stranger muttered "My starboard leg seems to be unshipped. I'd like about a hundred yards of line; I think I am falling to pieces. My name is Clemens and I've come to write for the paper." On a hunch, the editor hired him.

Good hunch. The young stranger was Samuel Clemens, soon to give birth to a couple of immortal rascals named Tom Sawyer and Huckleberry Finn.

Ride security problems main concern

(from page 1)

Ride chairman Syd Collier could have been better prepared for the Oct. 11 meeting by anticipating the concerns and producing more concrete guarantees that problems will be addressed, said Homestead.

He said it appears there's fundamental antagonisms between certain council members which are having a negative impact on the community.

At the Oct. 11 meeting, Deputy-Reeve Bern Berry said the Ride costs the township at least \$4,700. Homestead said the profits from the arena concession stand would offset some of the costs. Also, the Rotary club makes \$5,000 from alcohol sales during the Ride, and Homestead said that money goes back into the community.

Addressing some of the problems associated with the Ride, Homestead reported on a conversation he had with Sergeant Bill Elliott, of Minden's OPP detachment.

According to OPP statistics, incidents of impaired driving and liquor seizures were higher during the Ride for Sight weekends in 1988 and 1989 as compared to the same weekend during 1990, when the Ride was in Peterborough.

There was also a slight increase in the number of theft, damage and noise complaints, especially during the 1989 weekend.

Homestead asked Elliot how many police officers would be enough to patrol the event and was told that "100 wouldn't be enough" if the situation got out of control.

In order to address security concerns, Homestead said potential problems would have to be stopped before they have a chance to occur. "It could happen with any event," he said.

On the question of the expenditure of township funds, Homestead noted that Minden provides financial support for other events and organizations and the public should have a say in how the money is spent.

Homestead said the invitation by the South Lake Trailer Park to host the Ride offers a "viable alternative" that

would remove the problems associated with the camping at the fairgrounds but still allow events to be held in the village.

"Our economic base depends on people coming up here," said Homestead. "If they don't come up here, we're in a lot of trouble. We should be grateful for what we get."

Reeve Ray Moore said the resolution that was defeated at the Oct. 11 meeting would have approved the Ride's return in principle subject to council's conditions being met. In light of the fact that a majority of council rejected the resolution, Moore said he didn't know what more could be done.

Councillor Mike Maher asked Homestead how many of the 400 people who signed the petition were actually residents of the township.

Although he had been asked to present the petition to council, Homestead said he had no control over who signed it. He said that among the names on the petition were people who are not rate-payers of the municipality.

Maher said the local OPP detachment does not have the necessary manpower during the summer to provide adequate security for the Ride.

He said he sympathized with Elliott's comment that 100 officers wouldn't be enough. "If he could guarantee 100, I'd feel comfortable," said Maher, "but I think he would be hard pressed to guarantee five per shift."

Maher said that in 1988 he and Councillor Bob Sisson worked with Collier to address some of the concerns. He said they worked as hard as they could to tighten security, and were able to cut back on the number of problems, although there were still some difficulties.

When he joined the rest of council in unanimously approving the Ride in 1989, Maher said it was the result of a very positive council meeting with Ride organizers. But when he saw Collier on television saying Minden was too small and the event would go to Peterborough Maher said he has a lot of problems with that.

Replying to Homestead's comment Maher said he doubts that five people in the same profession who get along

perfectly can be found.

Councillor Lewis Stevens said his livelihood depends on the tourism industry and business owners who derive their income from tourists provide jobs and services for local people.

He said council would jeopardize the livelihood of local businesses by voting against groups, like the Ride for Sight, who want to come to Minden.

Any problems can be handled through negotiations, said Stevens. He doesn't think the Oct. 11 resolution was given a fair chance by council, he said.

"If there's any chance in the world we can get together and have it re-opened I think we owe it to all the people in the area," said Stevens.

Sisson said that Homestead's presentation had not changed his vote and had convinced him that his vote against the Ride was right. He said he had no problem with the Ride being held on private property, but didn't want it on municipal land.

Berry reiterated his previous concerns about the safety of the township's new ball diamond, the lack of available space at the fairgrounds and the problem with providing adequate security for the Ride.

He said the Minden Curling Club executive have not yet been approached to see if their facility is available and that there is no private land bordering the fairgrounds for the Ride to use.

He said he'd received support from local residents for his decision to vote

against the Ride's return.

When he contacted local business owners about the issue, Berry said many supported the ride from a business stand-point but opposed it as residents.

"It's a tough decision, but I haven't changed my mind," said Berry.

Downtown business owner Jerry Jordan addressed council, criticizing the way in which the Ride issue has been handled.

"It's not an question of whether the Ride is allowed here or kicked out," said Jordan. "What's happening here is that both sides didn't have the fundamental right to speak on the issue."

Although he doesn't personally benefit from the Ride, Jordan said he supports the economic advantages the event provides to the community. "But as a father and a resident, I'm dead set against it. I don't know which way to go," Jordan said he didn't sign either of the two petitions.

He criticised Moore for trying to limit the Ride for Sight debate at the Oct. 11 meeting and for the reeve's attack on Berry, who said he wanted to hear all opinions from both sides of the issue.

"I really believe you lost the vote on the Ride for Sight," Jordan told Moore. Moore disagreed saying the vote was "cut and dried" before it ever got to the council table.

"I think you'll be a better reeve when you learn to lobby better and to get

INVITATION TO TENDER FOR JANITORIAL/CLEANING SERVICES AT THE MINISTRY OF THE ENVIRONMENT DORSET RESEARCH CENTRE LOCATED AT BELLWOOD ACRES ROAD DORSET, ONTARIO POA 1E0

INTERESTED CONTRACTORS
MUST ATTEND THE SITE VISIT ON
NOVEMBER 1, 1990 AT 10:30 A.M.

Sealed tenders, addressed to the Ministry of the Environment, 8th Floor, 135 St. Clair Avenue West, Toronto, Ontario, M4V 1P5, in official tender envelopes marked "ENV90-0465" will be received by the Manager of Purchasing until 3:00 P.M., Toronto time,

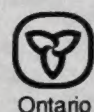

NOVEMBER 20TH, 1990.

The work consists of providing labour, material, equipment and all things necessary for Janitorial & Cleaning Services.

Specifications and form of tender may be obtained by communicating with the above office, telephone 416-323-4261 or from Mr. Jim Jones, telephone 705-766-2418 at the Dorset Research Centre.

Tenders will not be considered unless made on forms supplied by the Ministry of the Environment in accordance with the terms and conditions set forth therein.

The lowest or any tender not necessarily accepted.

Environment
Environnement

Three are better than one

(from page 6)

know how many of the fire calls responded to during that period by the townships currently providing service were ineffective. Of those which might be considered unsatisfactory, could a fire department of your own have done better? Is it unreasonable to suppose that three fire departments could be expected to provide better response time than just one?

Locating the proposed fire department in the present garage enlarged for the purpose appears sensible. Why, then, is your next consideration the building of a new township office in the industrial park? If you need more space, could you not enlarge the present building, which

is admirably situated on highway 35?

Our tax bill jumped by \$250.00 this year to pay for the industrial park, the increase being explained as a "one-time" levy. How much more would we all be taxed to pay for a new township office building, which would undoubtedly cost far more than your original estimates, since that seems to be the way all public and quasi-public projects go.

With the already heavy tax burden imposed by the federal and provincial governments, and with worse to come in the form of the GST, we do not need our local representatives jumping on the bandwagon to saddle us with additional expenditures that may be avoidable.

Angela O'Neill.

Is Sled Dog Derby next?

Editor: The following is a letter sent to Minden Council, October 24, 1990.

Now with the Ride for Sight demolished The Reeve and council should take a long look at the Dog Sled Races for the following reasons:

The Sled Races bring in an influx of money for certain businesses on a short term basis, but the extent of the benefit to the community as a whole can be debated. The Races are a detriment to businesses as it would be a shame to shut these down for the day.

On a year-around basis several visitors come to Minden who patronize the same businesses as the Dog Sled Races. The main street should not be blocked off for the races nor should snow etc. be brought in to leave a dirty mess to run in the beautiful clean clear Gull River. Nor should dogs be allowed to defecate and urinate on our glistening snow to melt and run into the beautiful Gull River. I mean, who would want yapping dogs leashed up to our new coach lights?

Who would want yapping dogs to ruin the enjoyment or the tranquility of a social or sombre event should it take place on Bobcaygeon Road? No one should have to close their business in order for Minden to host this event. We should remember our OPP have more

than enough to do and should not have to respond to calls when dogs, sleds included run away while the responsible parties are enjoying a few sips.

We should not expect our Roads Dept. volunteering their time to clean up the mess left by these urinating, defecating yapping dogs — or does the Municipality have to pay these costs? Does the Municipality have to pay the costs to bring in the snow to host the event or is this also volunteered time?

Where do people park to see the start & finish of the races — but then where would they park to watch the Santa Claus Parade for the children?

No, do not close off our bustling Main St. or do not load it up with snow. Remember it is 1880 and we live in the passive town of Minden — just sleep on — no one will make a sound.

P.S.: We the Residents of Anson, Hindon and Minden who voted this trio in, must remember come next election time, to vote them out. We want progress in Minden, so Brad Bradamore, if you read this article, please do your bit, by getting in there for the next election. As you want progress for Minden, like Ray Moore, and Lewis Stevens, and that's what Council is lacking. This trio is going to put Minden off the map.

Nell Miscio, Bonnie & Brian Luckie, Minden.

Public excluded from democratic right to speak on Ride issue

(from page 6)

along with people," said Jordan.

He suggested that a committee should have been formed to get all the issues on the table and report back to council, although he said it's probably too late for this year.

It was a result of all the "fur scratching" that the vote went against the Ride, said Jordan.

"I realize how important the dollar is," said Jordan, "but I'm not going to prostitute myself for the sake of a dollar. I'd rather go under."

By not allowing an open debate, Jordan said council forced the community to become polarized over the Ride issue.

In order to resolve the issue, Jordan said everyone should have been working together to address and correct the problems associated with the Ride for Sight.

He said council made a rash decision and Moore had cut off the fundamental rights of democracy. "We need a public meeting," said Jordan. "If it goes down, it goes down and if it comes alive, it

come alive."

By addressing the problems and correcting the faults, Jordan said the event could be improved each year.

Moore defended his Oct. 11 attempt to limit debate and said council has to follow a procedural by-law and have to follow the agenda when dealing with issues and allowing people to address council.

Berry suggested that the proposal of hosting the Ride on private property should be explored allowing "spin-off" events to take place in Minden.

With camping relocated to a private campground, like the South Lake Trailer Park, Berry said the Minden arena and curling club could be rented for Ride activities and the Golden Helments, an OPP precision motorcycle team, could still perform in the village.

Berry said no municipal approval would be necessary for the Ride to stay at a campground and use the arena and curling club.

At the end of the discussion, council decided not to reverse their Oct. 11 decision not to allow the Ride back to the fairgrounds.

Have you seen Wilma? This is Wilma, relaxing with everyone's favourite community newspaper, when she visited *The Times* office last week. The students of Grade One, A and D, describe her as having blue eyes, long yellow hair, tied in pigtails with one blue beret missing, is really good at playing hide-and-seek and likes slipping into their classrooms to leave notes on the blackboards or on the students' desks.

Stedmans Manager Shirley Walker offered some insight on Wilma's whereabouts by informing these Grade One students that puppet had just dropped in to purchase a pair of mittens. Teacher Iona Tough shows the students Wilma's other purchase; a Halloween mask for her friend Wally.

ASES students search for hiding Wilma doll

Where is Wilma?

That is the question the students of grade one A and D classes at Archie Stouffer Elementary School (Annex) have been asking all last week.

Wilma, a three foot high stuffed doll slipped out of a box she was travelling in with her companion, Wally and has been leading the youngsters on a merry chase through the community.

Wilma is a mischievous sort, and seems to be enjoying this game of hide and seek she is playing with the children. Each night she slips into their classroom, at the former IGA building on Main Street, and leaves a clue to her travels on the blackboard. Taking up on the clue, the children have attempted to discover all they can about their elusive friend.

The puzzle began early last week when the classes received a note from the post office saying a large parcel had arrived for them. When they went to pick it up, they discovered Wilma had ripped a hole in the box and disappeared into the community.

The trail of clues have led the classes

to *The Times* office. Wilma had been here, but several days earlier when she stopped by to read the latest news on the community. We thought she was so cute that we took her photo as she sat in the front office reading the newspaper.

The students have also visited Jadek Sports, Northland Sales and Stedmans Department Store in their search for their missing friend. The visit to Stedmans on Thursday placed them close on the heels of Wilma. According to the staff at the store, Wilma was in just 15 minutes before they stopped by. She purchased a pair of mittens and left a package for Wally which included a Halloween costume for her friend.

Friday morning, when the students arrived in class, they discovered Wilma had left each a personalized note.

The teachers of the grade one classes, Iona Tough and Laraine Forgrave feel the students are getting close to discovering where Wilma is, but for the moment at least she remains as elusive as ever.

The search continues.

Township can't afford ambulance wage demand

(from page 1)

Reeve Ray Moore said the township negotiators gave what they considered a reasonable offer but the union maintained its demand for equity with other provincial ambulance services.

"We can't afford it," said Moore. "I don't see the township's position changing. We're in no position to bargain any further."

Ambulance crews currently earn \$12.40/hour and Moore said their request for \$16.80/hour is more than the township can afford. He would not say how much the township has offered

to pay.

"If they wish to call a strike, there's nothing we can do about it," he said.

Minden township has administered the county's ambulance service since Dysart opted out of administering its own service and the two operations were amalgamated.

The employees joined the Ontario Public Service Employee Union (OPSEU) last year but have been without a contract since that time.

Negotiations between the two sides broke off in August when differences over wages prevented an agreement being reached.

Former students, teachers and friends of HHSS were invited back to the high school for an informal homecoming on October 20. Those who did return to renew contact with their Alma Mater, also had an opportunity to check out a number of booths offering crafts, school souvenirs and raffles. The homecoming was held on the same day that outstanding students of last year were presented with their achievement awards.

Board asked to fund new enrichment course

by Susan Grober

The Haliburton County Board of Education has been asked to allocate \$3,000 to send high school enrichment students to a five-day course at Queen's University.

HHSS teacher Bob Penfold appeared before the board last Tuesday to lobby for funding on behalf of the students who want to attend Queen's Mini-Course for Enrichment.

He called the program "a tight and powerful delivery system" of information which helps introduce young students to university courses.

The "intensely concentrated" program has grown since it began five years ago. Last year, 546 students from Gananoque to Lindsay took part in 28 courses.

"Virtually every school at the university offered one course," said Penfold. "Most of the university professors are very excited about it."

Next year the program will run the week of May 6, and Penfold would like to see local students involved. "Even though these people may be less mature than

students returning to school later in life, they all have the curiosity and motivation to try this.

"When put with their intellectual peers, these people blossom and take off."

The Lindsay board has participated in the program for the past two years, and highly recommends it, said Penfold.

One teacher from the special education department and one parent would accompany the students. The cost per student is \$75 for the course, and \$125 to stay in residence, "which I consider to be a pittance compared to what they're getting," said Penfold.

Penfold asked either for the \$3,000 fee to be allocated or shared with parents.

Because a \$5 fee per student is required early next month, Penfold said he needs to know whether the board will approve the program by November 2.

Installments will also be required in April, and on the day the program closes. "It's a step-by-step process," Penfold said.

"This is a good program, and we should ask a lot of questions," suggested Chairman Len Salvatori. The board refrained from voting on the matter that night.

Access ramp appreciated

Editor:

I would like to commend the Archie Stouffer Elementary School on their new cement ramp into the school. While I realize it came about out of necessity for students who are mobile only on wheels, others in the community who have occasion to use the school and who also travel on wheels will certainly enjoy

the ease of accessing the building.

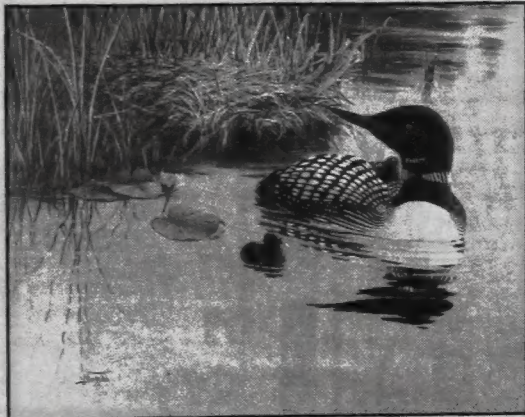

It means one more public place that we can get into without the barrier of even one step.

Congratulations to A.S.E.S. and all the best to your students on wheels.

Senior soccer team recaptures Kawartha West title

The HHSS senior soccer team has once again regained the title of Kawartha West champions.

In the division final against Fenelon Falls last Tuesday, the Redmen beat

the Falcons 3-2 in a game that was decided by a duel of penalty kicks.

Despite being outplayed by the Falcons through much of the first period, Jan Haedicke gave Hali-

burton a 1-0 lead with his goal in the first half.

Fenelon Falls came right back however and tied it up 1-1.

In the second half, the Redmen tightened up their

passing game and were able to penetrate the Falcons defence with more success.

It was the Falcons who scored next though, taking a 2-1 lead early in the second half.

Haliburton didn't give up and the reward came when Jason Goodall scored from right in front of the Falcon net after a Haliburton corner kick.

Play remained even through the remainder of regular time, and with the score tied 2-2, the teams played two 10-minute overtime periods.

The Redmen carried the play through most of the 20 minutes of overtime play, but failed to score. With the game still tied at the end of the second overtime period, the two teams faced off in a best-of-five penalty kick duel.

Haedicke shot first, easily beating the Falcon goal-tender with shot to the corner.

Redmen goal-tender David Kinsella blocked the first Fenelon kicker's attempt, giving Haliburton an early advantage.

Goodall, the other Redmen player to score during the game, added to that advantage by hoofing the ball past the frustrated Falcon goalie.

Kinsella stymied Fenelon Falls' second kicker, moving the Redmen to one goal away from the win.

The next Haliburton player to shoot on the Fenelon net was Darryl Winder. He made a clean shot at the corner but the Fenelon goal-tender correctly read the kick and got his hands on the ball to prevent the score.

The third Fenelon kicker kept the Falcons' hopes alive by finally scoring on Kinsella, but Redmen Chris Holliday-Rhodes dashed those hopes when he scored on Haliburton's fourth penalty kick.

Haliburton Coach Walter Tose said he made a point of having the team practice penalty kicks during the season so they would be prepared for the situation.

This preparation was the key to beating Fenelon Falls, said Tose.

Tuesday's game was the fourth consecutive time the Redmen had faced the Falcons in a Kawartha West championship game and the two teams are tied, with each school winning the title twice.

In last year's game, Fen-

(more on page 11)

The HHSS senior Redmen soccer team faced a tough battle against the Fenelon Falls Falcons last Tuesday, but managed to come up with a 3-2 overtime win.

The junior Redmen football team put all the right moves on Fenelon Falls last Friday, shutting the Falcons down 44-0 to win the Kawartha West championship.

Undefeated Junior Redmen win division over Fenelon

The Redmen junior football team extended their undefeated season on Friday by rolling over the Fenelon Falls Falcons 44-0 to capture the Kawartha West trophy.

Haliburton's offensive blitz began in the second quarter when Chris Greenfield scored the first touchdown of the game. Quarterback Corby Kent found Greg Brohman in the endzone for the two-point conversion to give the Redmen an 8-0 lead.

The Redmen scored two more touchdowns before the end of the second quarter, the first by Jerry Cooper and the second on a quarterback sneak by Kent.

Kent and Brohman teamed up for another two-point conversion on Cooper's touchdown, giving the Redmen a 22-0 lead at the half.

In the third quarter, Greenfield scored his second touchdown of the game. The conversion attempt

failed, and the Redmen took a 28-0 lead.

Haliburton continued to rack up the points in the fourth quarter with three more touchdowns scored by Paul Hewitt, Brohman

and Andy Bacon. The Redmen added two, two-point conversions to end the game with a 44-0 score.

Coach Gary Brohman

(more on page 13)

Kawartha bid stopped

(from page 10)

elon claimed the trophy in a close 1-0 match.

On Thursday, the Redmen travelled to Lindsay to compete in the Kawartha Championship tournament.

In their first game of the day, the Redmen faced the strong St. Peter's squad who were undefeated all season and the defending COSSA champs. Tose said the Haliburton team was really pumped up and played their best game of the season.

The Redmen's intense play gave St. Peter's a scare in the first 15 minutes of

play, but the stronger team went on to win the game 2-0.

In the afternoon's consolation game, Haliburton played St. Stephen's and the two teams were tied 1-1 going into the second half.

The Redmen took a 2-1 lead early in the second half, but Tose said fatigue finally got to the team. St. Stephen's scored four goals in the last 10 minutes to win the game 6-2.

This season saw Haedicke, the Redmen's top scorer, achieve a personal best by scoring 16 goals during the season.

The OMHA Minden Atom played Woodville on Oct. 20. The Monarchs kept it close for most of the game but lost after giving up four points in the third period.

Pee Wees tie Cannington 1-1

by Corinne Howell

Hi hockey fans, here we are again with another hockey season under way. My son has moved up this year, so I will be keeping you in touch with the Minden B Pee Wee team.

On Friday, October 19 the team travelled to Beaverton to play Cannington. With only one practice together and five newcomers to the game, we were all unsure as to how things would go.

In the first period both

teams played a defensive game, but it was Cannington who managed to break through and score. Minden stepped up the pressure and with 3 minutes of the period left Minden scored when Arron Belton scored on a pass from Todd Redgrave.

There was to be no more goals scored during the game, but we were to see some very good hockey with both goalies and defense working hard.

Final score; Minden 1, Cannington 1.

Novices earn shut-out against Beaverton team

by Debbie Casey

The Minden Monarchs O.M.H.A. Novices got their season off to a flying start. Although they had been defeated in an exhibition game on Thursday night, this was no indication of how their first scheduled game would end.

Saturday, October 20, they played host to the Beaverton club. The final score being 7 - 0 in favour of Minden. This was a fast moving game, with almost everyone getting a chance to shoot on net. With strong defensive play by defensemen Matt Reid, Gaten Davis, Jarett Rowden,

Danny Vanderlip and Billy Fountain, our goalie Mitch Johnson earned his first shut-out.

Stats for the game show Danny Jordan with a hat trick, 2 unassisted, 1 assisted by Cameron Neville; Nick Kulas 1, assisted by Shawn Casey; Matt Reid 1, unassisted; Shawn Casey 1, assisted by Gaten Davis and Adam Durkin; Gary Kernohan 1, assisted by Danny Jordan.

This was a superb effort by the team as the only practice they had had was to make several position changes. Their next home game is October 27 at 1:00.

Men's League Hockey

Hartwick, Home take early lead in league

Another action-packed season for the Minden Men's Hockey League is under way and after two weeks Hartwick Insurance and Home Hardware, both undefeated, share the lead.

In the opening week of play, Hartwick blasted Sid Stamp Fuels with an offensive barrage that ended in a 23-8 victory.

Leading off the Hartwick scoring machine was Scott Hamilton with seven goals, followed by Eldon Bull with four and Scott Dobie with three. Billy Whitaker, Kevin Mills and Brian Marquette each had two goals and Dave Pettes and Barry Ward had one apiece.

Scoring for Stamps was Glenn Hall with four, Ivan Ingram with two and Brian Shaw and Bruce Denniston with one each.

In the second game, Home beat the Rockcliffe Tavern 8-3. Home scorers included Dave Rogers and Jeff Stamp with three goals each, and Kevin Hamilton and Ed Gibbons, each with one. Finding the net for Rockcliffe were Scott Gartshore with two and Joe Graham with one.

The third game saw The Times shut out Westside Jug City by a score of 9-0. Doug Allison lead The Times with five goals while Barry Shaw scored twice and Greg

Newell and Andy Campbell had one each.

In last Monday's action, Home trounced The Times 12-3 with an eight-goal scoring blitz in the third period. Barry Boice scored three times for Home, Dave Rogers, Ken Barry and Jeff Stamp each had two and Tom Misco, Ed Gibbons and Kevin Hamilton had one apiece.

Stamp Fuels came out on top of a 10-7 contest against Westside. Scoring for the Stamp team were Glenn Hall with three, Craig Crowe and Brian Shaw with two each and Ivan Ingram, Bruce Denniston and Dave Schell netting singles.

The third game in Monday night's action saw Hartwick and Rockcliffe trading goals through most of the game. The two teams were tied at eight in the third period when a four goal attack by Hartwick pushed them over the top 12-8.

Hartwick's leading scorer was Scott Hamilton with seven goals, John Fedeski scored a pair and Scott Dobie, Chris Northorpe and Eldon Bull had one each.

On Rockcliffe's side of the score sheet, Mark Lunn had a hat-trick, Scott Gartshore netted a pair and Jason Stamp, Harold Cowen and Jeff Howe rounded out the scoring with one apiece.

Minden skating club honours members

by Susan Grober

In recognition of their hard work and dedication, the Minden Figure Skating Club has honoured three members as volunteer, amateur coach and skater of the year.

Volunteer Linda Schrader, who is finishing a two year term as club president, is relatively new to the sport of figure skating. She was previously vice-president, and was secretary three years ago.

Schrader sat on the executive as a director after only being involved in skating for one year. "Any position Linda filled (has been) handled with enthusiasm and diligence," says Interclub Chairman Nancy Garbutt.

Schrader has organized Skater's Development Clinics in the club, and co-hosts the annual Meet To Skate competition with Toni Carr.

"We have been very fortunate to have Linda on our executive for the past five years, and hopefully for many more to come," says Garbutt.

Kyla Grexton has been chosen as amateur coach of 1989-90. Grexton has

The Minden Figure Skating Club honoured three members last week. Janene Garbutt was named Skater of the Year, Linda Schrader was Volunteer of the Year and Kyla Grexton was Amateur Coach of the Year.

worked hard, utilizing extreme amounts of patience. "Kyla, you've done a fine job with the kids and you should be proud as all of us at the club truly are. Thanks for the great effort."

Janene Garbutt has met with the criteria for skater

of the year. An active 11-year-old, Janene has skated for eight seasons with the Minden club, and belongs to the Canadians Figure Skating Association. She has also been an amateur coaches assistant for five years.

The club would also like to congratulate the following members who successfully completed the coach clinic this month in Little Britain: Jessica Berry, Janene Garbutt, Daniel Howell, Katrina Matysek, and Julie Vanderlip.

Senior Redmen play I.E. Weldon in Kawartha West final

(from page 11)

said the Redmen defence shut down the Falcon's offensive game and forced several turn-overs including interceptions by Greenfield and Ross Lemon, a recovered fumble by Derek Wilson and a blocked kick by Cooper.

This is the third time a Haliburton junior football team has posted an undefeated season in the Kawartha West division.

The juniors will attempt to add to their trophy collection next Wednesday when they play in the Kawartha final. Which school they will face in the game will be decided this week.

The senior Redmen will be looking for their own Kawartha West trophy when they take to the field against Lindsay's I.E. Weldon next Thursday.

The seniors beat Fenelon Falls on Friday with a 23-0

shut out.

Jamie Dollo got the Redmen on the scoreboard with the team's first defensive touchdown of the season when he intercepted a Falcon pass and raced 30 yards for the major. The point-after was missed, giving Haliburton a 6-0 lead.

The defensive also set up the Redmen's second touchdown when Jason Morrisette ran an interception 40 yards to the Falcon's five-yard-line. Quarterback Ryan Timbers carried the ball into the end-zone and the successful conversion put the Redmen ahead 13-0.

In the second quarter, Haliburton held the Falcons deep in their own end and were rewarded with a two-point safety after blocking the Fenelon punt.

Haliburton added to their score in the fourth quarter when Timbers carried the ball in from eight yards out and successfully kicked the extra-point.

Ex-soldier convicted of pointing rifle at man

The following cases were heard on October 24 by Judge George Inrig at provincial court in Minden. Rick Bagg acted as Crown Counsel.

Hans Georg Weidner of St. Catharines pleaded not guilty to pointing a .22 calibre firearm at John Grayson, but pleaded guilty to a lesser charge of careless storage of a firearm.

On August 4, Grayson drove his family along Highway 35 looking for a route to Kawagama Lake. Turning down what he thought was a dirt road, Grayson came upon a No Trespassing sign and attempted to reverse.

Not able to turn because of loose sand, Grayson saw Weidner at the bottom of his driveway, and stopped to ask for directions. Grayson says Weidner began arguing and shouted "Can't you read the No Trespassing sign?" Grayson claims Weidner pointed the Lee Enfield bolt-action .22 calibre rifle, which was later seized by police, said Bagg.

Weidner argued that he didn't aim the rifle. The 71-year-old explained he'd been cleaning the rifle when Grayson approached, and held it at his side for balance because he was in pain after having a total hip replacement.

Weidner said he wouldn't be so stupid as to aim at Grayson. "I'm an old soldier, I know how to handle a rifle," he said.

Judge Inrig suspended sentence, and put Weidner on six months probation. He said Weidner is prohibited from having a firearm for five years under Section 100 of the Criminal Code.

James Allan Johnson, 26, of Stanhope pleaded guilty to wilfully damaging a vehicle owned by Sharon May Packard on November 14 last year.

That night, Johnson had an argument with his wife, who then left with Packard and her boyfriend. Johnson drove behind, and demanded his wife to leave the car.

When she declined, Johnson kicked the car, inflicting \$81 of damage to its right side above the headlight, said Bagg.

Johnson disputed this information. "It's not correct. It's a lot different story. I was almost getting run over by the car," he said. "It was defense."

When Judge Inrig said he'd have to strike Johnson's plea of guilty and set another date, Johnson interrupted and

said he wanted the matter over with.

"I've lost one job over this, and I'm about to lose another one. I can't spend my life in court," said Johnson.

"Either you're guilty, or you're not guilty," explained Judge Inrig. "You can't plea to suit yourself."

The court was told Johnson has a previous record which includes a conviction for possession of stolen property in 1983, a three month jail sentence for dangerous driving in 1984, and a failure to appear in court in 1986.

Bagg asked that Johnson provide the \$81 restitution if he continued with his guilty plea.

Johnson said he thought he'd have to pay \$1,000 in damages, and asked to plead guilty. "I'm not going to waste my time over \$81," he said.

"We're not concerned with \$81, we're concerned with people who can't control their tempers," said Judge Inrig. "Sooner or later somebody's going to get killed if you can't control yourself."

Judge Inrig said a conviction would be registered. Johnson was sentenced to 15 days in jail, and was put on probation. He must pay the \$81 within three months, and an additional \$300 fine within six months.

James Charles Conn, 36, of Scarborough will have his license suspended for one year, and must pay \$800 in 40 days after being convicted for driving with more than 80 mg of alcohol in 100 ml of blood.

On February 24 at 1 a.m., Conn was found passed out behind the wheel of his car with the engine running on Highway 118 in Guilford Township.

The police officer had difficulty waking Conn, who didn't understand what was going on, said Bagg. Breathalyzers determined Conn had 190 and 154 mg of alcohol in 100 ml of blood.

Conn said he hadn't had alcohol in a number of years, but he fell off the wagon after attending a friend's funeral. "He was just a few years older than me, and he died of a stroke."

Conn was supposed to go fishing with friends on that date, but when he arrived they were all drinking. After that, Conn said he doesn't remember what happened.

After Judge Inrig handed down his sentence, he explained that Conn's license may end up suspended for two years

because he has a previous record prior to 1975. "It's up to the ministry."

A charge of dangerous driving causing bodily harm against Marni Cheetham-Rennick of Cambray was adjourned until October 30 in Lindsay.

The matter was set for trial, but Cheetham-Rennick attended last week without her lawyer. That Monday, Cheetham-Rennick gave money to her lawyer, but when it came up \$250 short, he refused to represent her.

"I hate to see these witnesses come all the way out from Toronto for this," said Judge Inrig, scolding Cheetham-Rennick for delaying the trial and wasting time.

Bagg said he was ready to proceed. But Inrig said because of the nature of the charge he felt Cheetham-Rennick should be represented by a lawyer.

William Shaw pleaded not guilty to two charges of theft under \$1,000 and one charge of possession under \$1,000.

However, the victim didn't show up in court for the second time, so charges were withdrawn.

Terrence A. Dooley pleaded not guilty to impaired driving, and guilty for driving with liquor readily available in Stanhope Township on July 28, 1989.

A charge for driving with more than 80 mg of alcohol in 100 ml of blood was withdrawn because the breathalyzer operator was ill at the time.

Constable James Robert Carmichael testified that he stopped Dooley after he observed Dooley's car drive west down Highway 118, quickly catch up to a vehicle in front and veer "a little bit" into the eastbound lane.

Dooley, who wasn't exceeding the speed limit, immediately pulled over when Carmichael pulled in behind and turned

on his lights.

"Before I got to the car, he stepped out," said Carmichael. "His eyes were blurry, and bloodshot, and his speech was impaired."

Three cans of beer were found in the vehicle, and Dooley got in the back of Carmichael's car. "I could smell the alcohol on his breath, and I arrested him," said the police officer. "I believe he was under the influence of an alcoholic beverage."

Representing Dooley, Alan Wainwright asked if any tests were performed on the accused.

Carmichael said he tried to make arrangements for an Alert machine to test Dooley, who he thought was "a borderline situation." When he got to the OPP station, "no other tests were performed, except maybe a breathalyzer," said Carmichael.

After a recess, Judge Inrig said the matter would be dismissed. Because Carmichael felt Dooley was a borderline situation, "I can't conclude beyond a reasonable doubt that he was impaired."

However, Dooley was fined \$63.75 for the three cans of beer.

Wayne Bourgeois of Oshawa pleaded guilty for failure to report an accident on September 6 in Guilford Township.

On September 7, Constable Mark Lund was dispatched to the North Shore Road to investigate \$716.48 damage done to a backhoe.

The rear cab glass, signal light and lens, and left corner were hit, and markings on the ground indicated damage was done when insulation was delivered that night.

Bourgeois, who has a previous criminal record, admitted he was the driver.

He was fined \$53.75, and will be put on probation for six months or until restitution for the damage is paid for.

Happy 21st. Cliff!

Luv from
Mom, Dad
Marg & Bill

Remember those "whole" chicken legs you always managed to eat?

"I don't yike the skin"
You would continually repeat.

As you grew up throughout the years,
We used to think you'd have
"Kraft Dinner" coming out your ears.

Your guitar playing finally began to improve,
And you hit that special age
When your feet could actually move.

So cheers to you, way up in Thunder Bay,
Happy 21st is what I'm trying to say!

Luv, your Big Sis.

Charges laid in Hollow Valley theft case

During the week of October 1 - 8, 1990 officers of the Minden Detachment investigated 85 general occurrences and 14 accidents with 3 persons injured.

Thefts around the County

Stormy Lake - liquor, 12 ga. shot gun shells, 2 piece ladies s/v suit black/blue, Bell s/v helmet dark.
Boshkung Lake - 2 Micro furnaces, tool box, ghetto blaster.

Wiley Lake - 1970 ATV yellow.

Stormy Lake - 1970 Wiscott trailer Ontario Lic. 72390M.

Bob Lake Glamorgan Twp. - 12 ga. pump shot gun, Mossberg.

Kingscote Lake - green fibreglass canoe.

Minden - Monarch cement mixer orange.

Kennisis Lake - Johnson 8 h.p. o/b black.

Mountain Trout House Kawagama Lake - 1974 Explorer boat trailer Ontario Lic. 44427A.

Snowdon Twp. - stolen stop sign.

12 Mile Lake - Sony a.m./f.m. cassette stereo.

Maple Lake - jet pump.

12 Mile Lake - Sunbeam twin burner BBQ.

Truck Tent

Two persons, Brian Anthony Kelly, 23, of Brampton and David Frederick Payne, 26, also of Brampton, have been charged with a series of offences after a truck was stolen from Camp Kilcoo. Both are charged with theft over \$1000, Possession over \$1000 and Breach of Probation. Both are being held at Lindsay jail.

Aggravated Sexual Assault

Two persons are in custody after bail hearings and a third has been released on charges of Aggravated Sexual Assault, Aggravated Assault, Forcible Confinement, Theft over \$1000, Possession Stolen Property, Breach of Probation and Theft under \$1000. The charges stem from an assault which took place early September 29, 1990. Charged and in custody are Shawn Easton, 21, of Orillia and Ronald Jamie Pearson, 18, of Haliburton. Also charged but released on an undertaking is Jennifer Pearson, 20, of Orillia.

Charged with Dangerous Driving

Gary Kenneth Mintz, 46, of Gooderham has been charged with several criminal offences after two driving incidents in the village of Gooderham on October 7, 1990. Mintz was operating a Honda m.c. and failed to stop for police when indicated. A short

pursuit ensued in which Mintz got away. A short time later police found Mintz again and he continued to try and evade police. He was however caught. Mintz has been charged with 2 counts of Dangerous Driving, 2 counts of Failing to Stop for Police, Impaired Operation and being over the legal limit of 80 mgs and is scheduled to appear in Prov. Court Minden on November 2, 1990.

During the week of October 8 - 14, 1990 officers of the Minden Detachment investigated 56 general occurrences and 3 traffic accidents with no injuries.

Thefts around the County

Donald - Ez Load boat trailer Ontario Lic. F14146, 14' alum. Elgin boat.

Minden - cassette tapes from vehicle.

Snowdon Twp. - firewood and logging chains.

Snowdon Twp. - BBQ tank, cassette player, Makita sanders.

Twelve Mile Lake - BBQ.

Impaired Driver

October 10, 1990 - Thomas Jeffery Ruff, 34, of Bowmanville charged with Impaired Operation and being over the legal limit of 80 mgs.

GST delays hiring of extra staff

by Susan Grober

Until it's determined how the recession and GST will affect building in the township next year, Lutterworth council will put off discussion of hiring additional staff.

Chief Building Official Ernie Roylance says his work in the building department is increasing, and threatening to become backlogged. "Everything's doubled," he told council.

The township is receiving more building permit applications for additions than usual, and the department

is finding it difficult to catch up. But the feasibility of hiring more staff depends on whether things will eventually slow down, said Roylance.

"A lot of it transpires on what will happen next year, what with the economic situation," he said.

Councillor Bill Valentine agreed. "When the GST hits, we may be begging people to build."

Until things do slow down, Roylance said he spends a lot of time discussing planning matters such as rezonings with people who approach him

with inquiries. "Most of the time, they don't even go through with it."

Valentine sympathized that this takes a lot of Roylance's time. "You may have to say, 'Sorry, but we're not a planning service'."

Reeve Carol Puffer suggested an allowance be set aside for next year's budget to maybe hire a part-time person for the department.

Valentine added it may be beneficial to contract someone to do the work. Puffer noted that County Planner Mark Stagg is considering having the

county provide a professional planning advisory service for the townships on a user-fee basis.

Councillor Lisa Mercer applauded this idea. "I think it's excellent. It's excellent for time and money. By having it in the county, you'll be getting someone who knows the land. Not someone who just sees it on paper."

In the meantime, Valentine praised Roylance for his handling of the work influx. "I hear nothing but compliments about you. You're doing a good job," he said.

CONTEST RULES

1. Open to youths between the ages of 9 and 13.
2. All entries must be submitted to The Times office no later than 4:00 p.m. Monday, November 5, 1990.
3. Participants may submit one entry only in either or both categories (poster and essay). All entries must be accompanied by entry form on this page.
4. The posters and essays should focus on the theme "The Future is R's! Reduce, Reuse and Recycle." The subject matter should cover why we need to minimize waste both today, and in the future, through reducing the amount of waste we generate, reusing as much of it as possible, and recycling as many materials as possible.
5. The top poster and essay entries chosen locally will be submitted to the Recycling Council of Ontario in Toronto, and from the entries submitted, a province-wide winner will be chosen in each of the two categories (poster and essay).
6. Entries submitted to the Recycling Council of Ontario for judging will be the property of the RCO and cannot be returned.
7. The two winners chosen by the RCO (poster and essay) will receive a special citation. As part of the prize, the winners will be provided with donated air fare (if it is required) to travel to Toronto with an adult to meet with government officials, tour the legislature and other Toronto sites, and be treated to an evening event as guests of the Recycling Council of Ontario.
8. Winners will be announced in the November 19th edition of The Times.
9. Additional entry forms are available at The Times office.

Contest sponsored by The Times in conjunction with the Recycling Council of Ontario and local businesses whose advertisements appear on these pages.

Student smoking causes concerns at board

by Susan Grober

High school students will be asked to help devise a solution to the problems caused by those who hang out by the train to smoke.

Because the Haliburton County Board of Education passed a policy banning smoking from all school property, some students moved down to the public property near the school to smoke by the train. However, this has created some problems.

At last Tuesday's board meeting, trustees heard a letter from Haliburton Rotary President Kim Emmerson expressing concern about the new anti-smoking policy.

Emmerson feels the policy forces students to loiter in front of the train. He said their presence is intimidating, and prohibits others from visiting this tourist attraction.

He also said the train area is now littered with pop cans, lunch remnants and cigarette butts and packages.

A safety concern with students smoking in the area is that some block an area where busses turn around.

"Is there no way we can ask these students to step back?" asked Chairman Len Salvatori. "The other day I saw two sitting on the hoods of vehicles, and I was concerned if it was their cars or someone else's."

Trustee Craig Pettit suggested the students may move in due time. "Is there a chance the protest will wear off?" he asked.

"They're not protesting," said Trustee Nancy Stinson. "They're just smoking."

Wayne Wood said his main concern is safety. "Winter's coming on, those kids aren't going to move, and those busses can't stop."

School staff is spending too much time disciplining students who are caught smoking on school property, said Leroy Eager. He said Vice-Principal Gary Brohman told him it takes a third of his time to deal with these cases.

Heating in the Winter.
Air Conditioning in
the Summer. It's all there,
right under our Feet.

If you want to reduce your electric heating bill, look down at your feet. Now look a few feet further. Look at the earth itself. It could be your next source of heating and air conditioning.

Ground source heat pumps are designed to draw heat from the earth and pump it into your home. In the summer, the ground source heat pump reverses its operation. It extracts heat and humidity from your home and pumps it into the earth. The excess heat can also be used to heat domestic hot water or swimming pools and hot tubs.

This is truly the cleanest most efficient way to heat and air condition your home. And while ground source heat pumps cost more than traditional furnaces and air conditioners they soon pay for themselves with savings. That's why today's progressive home builders and renovators are specifying them for their clients.

Call us for more information about ground source heat pumps. You'll see that one of the most advanced technologies in heating and cooling is as old as the earth itself.

Visiting local markets is an assault of the senses

One of the great joys of a visit abroad - especially to Third-World countries — is a tour of local markets that serve small communities.

Those markets assault our senses with an indelible collage of sounds — vendors hawking their products (and some of the live produce adding their own squawks), buyers haggling over price and old friends greeting and exchanging gossip; smells that range from the perfume of flowers and spices to non-refrigerated meat and fish; and splashes of colour in clothing, fruits and flowers.

Markets are where we get a sense of the people. That's not surprising since food is what keeps us alive and every society has evolved rituals around the gathering of food.

In poor countries, most people don't own refrigerators and they have to shop for food daily, so the market is a focal point of their lives.

Markets at different times of the year reveal

Reflections

by David Suzuki

nature's rhythms in types of fruits, fish and vegetables available.

Variations in abundance, size and variety of products may reflect the consequences of drought or a severe winter.

In poor countries, the market products are invariably "indigenous" and grown locally. They give us an idea of the kind of agriculture practised there and the variety of products grown or collected in the area.

Blemishes and odd shapes and sizes of fruit and vegetables indicate they are still grown traditionally. And the sharp aroma and flavour of fresh fruit and

vegetables are often a delightful shock for those of us from cities in rich countries.

This has been my experience on tours of floating markets in Thailand, street markets in Shanghai, a covered market on the Amazon and village markets in Madagascar.

In those visits, one feels not only the spirit of the local people, but a direct sense of connection to the land through the fruits and vegetables and the seasonal change.

There is an immediate bond between us and productive earth. It is the contrast with markets of Third-World countries that gives us a measure of our own society.

Our supermarkets are immense shopping opportunities under a single roof that offer everything from cosmetics to hardware and clothing. Oh yes, and

prepared
for the
GST.

Have you?

**Now is
the time to
register.**

Are you ready for the proposed GST? If not, now is the time to register and prepare. Registration applies to anyone involved in a commercial enterprise. This includes fishing, farming, professional services and many activities carried out

by non-profit organizations.

Revenue Canada is ready to assist you with information on:

- How to register and the benefits of doing so
- What the GST means to your operation
- Simplified accounting options and administrative procedures
- Rebates of the Federal Sales Tax
- How to recover GST on business purchases
- GST return and filing options

Lutterworth council supports Senate attempts to block government's GST

Lutterworth Township Council will go one step further than endorse a City of North York resolution opposing implementation of the Federal Goods and Services Tax.

"I think it's just great, but we should also notify all independent senators," suggested Councillor Lisa Mercer.

"I agree 100 per cent," said Councillor Bill Valentine.

With unanimous support, council agreed to inform the senators and the federal government they oppose

implementation of the GST at this time.

"It seems we have a resounding yes" to support the resolution, noted Reeve Carol Puffer.

After passing the resolution on October 3, the City of North York forwarded it to all 4,400 municipalities in Canada, urging councils to "voice their concern in the strongest terms possible to the Prime Minister and Federal Members of Parliament."

Calling the tax a proposal "the Federal Government is determined to impose...

despite the public outcry", the resolution estimates that 80 per cent of Canadians oppose the GST.

To implement the GST, the federal government will spend over \$260-million in 1990-91 alone for salaries and promotion, "which is an outrageous waste of our tax dollars," reads the resolution.

The tax will also seriously aggravate the country's current "verge of a serious and deepening financial recession," it states.

The resolution tells the government "to take the

necessary action, including the substantial cutting of government programs, to eliminate the federal deficit and thereby eliminate the need for this new and burdensome tax."

At last Thursday's meeting, Minden council also supported North York's opposition to the GST and unanimously passed a resolution to that effect.

Board will meet with students who smoke

(from page 18)

"I don't like the idea of conceding to the kids, but it seems like a good waste of an employee to have them spend so much time disciplining kids," he said.

Stinson said students were permitted to smoke on school property outside of school hours when she attended high school. She suggested an area be designated for smokers at the far side of the field.

"I don't think it's conceding to the kids to back-track on that one policy," she said.

"Why is it we can't do something to make it better for kids who shouldn't be smoking?" asked Salvatori. "What's wrong with this country?"

"Kids are no different than adults," said Eager. "When the seatbelt law was passed, did you buckle up right away?"

"Well, it took me awhile, but eventually I caught on. And this should too," said Salvatori.

Cheryl Murdoch said the board shouldn't budge on the policy. "You choice."

back-track off and let those kids roost in their own little area, next thing others will want to smoke in the school."

Linda Mumford suggested no-smoking signs be posted, and said problems should have been ironed out before the policy was passed.

"Two years ago, (Superintendent) Dale Robinson said they'd be at the trains if we pass this. We knew they were going to be down there. Now it's happened, and we've got to deal with it."

John Munro agreed the board shouldn't back down to solve the problems. "I find it hard to believe that after two months we don't realize it will be hard."

Robinson suggesting the board meet with student smokers and point out the problems. He said the board must consider another location to allow smoking off school property.

"Many students today frown upon smoking," Robinson noted. "But just because a student smokes, it doesn't mean he's a bad kid. It's just a bad

AT MINDEN BIBLE CHURCH WE CARE ABOUT YOU.

The illusion of clean food

(from page 19)

food too.

They are temperature-controlled and squeaky clean with little hint of the terrestrial origin of our nutrition. Not surprisingly, the word "dirt" has become a pejorative.

A television producer recounted a telling anecdote. While dating a woman with a university education, he took her to the country to buy some fresh vegetables. At a "pick-your-own" farm, they went to the field for cucumbers. The woman tugged at the producer's sleeve and asked, "What are those cucumbers doing on the ground?"

When told they grow that way she exclaimed in disgust, "but they're covered in dirt!"

We have become so used to clean food presented in plastic packages that we no longer think about where it comes from.

It's small wonder that a BBC April Fool's broadcast showing that farmers grow and harvest spaghetti as a crop was taken seriously by many viewers.

Seasonal variation is damped out by importing many products that mature in specific seasons from different parts of the world — apples from New Zealand, asparagus from Peru, grapes from Argentina and of course, everything from California.

When I was young, the first fresh fruit or vegetables of the year that appeared on the table were a delight, a signal to celebrate the change of the

seasons and a renewal of the productivity of the earth.

I regret the loss of that celebration today.

Food grown naturally without chemicals is marked "organic" as if it's special while food that has been treated with pesticides, herbicides, hormones, preservatives and antibiotics requires no special label. Surely it is because naturally grown food is no longer considered normal while food raised under total human control management is.

The overriding concern in our supermarkets is with appearance.

We have become accustomed to near perfect uniformity and the absence of blemishes.

When I was a child, my mother would sit with a basket of apples and nick out the scabs and worms before cooking them or putting them in a bowl for us.

We thought nothing of sharing that apple with other organisms. Today we aren't nearly as tolerant and demand bugfree products even if it means poisoning air, water and soil to get it.

By fostering the illusion of freedom from pests, abnormality and seasons, we are no longer of the land — we have removed ourselves from nature.

This isn't just the nostalgic yearning of an aging man for the good old days. We are paying a terrible price for our separation from the natural world.

Traditional markets where those who consume can come into direct contact with produce and their producers are a strong reminder that we need to renew our contract with Mother Earth.

Kids' Korner

by Jean Lacey

Hi Kids!
Here is another puzzle for you with a word list. Look in the diagram of letters for the words given

in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters.

Circle the words in the diagram and cross it off the list.

It's as easy as that. Have fun!

Q: What kind of bats swing upside down?

A: Acro-bats.

Dorset Acid Rain Report

The following report on precipitation events was recorded at the Ministry of Environment acid rain testing station in Dorset and compiled by Environment Canada.

This report covers the period of October 14 to

October 20.

October 14, 3 mm rain, 4.1 pH, from southern Ontario, Ohio and Indiana.

October 15, 4 mm rain, 4.8 pH, from Lake Huron and Michigan.

October 17, 27 mm rain,

4.0 pH, from southern Ontario, southern Michigan, northern Ohio and northern Indiana.

October 18, 18 mm rain, 4.4 pH, from southern Ontario, West Virginia, and eastern Kentucky.

Hibernia a reality

Report from Ottawa

With Bill Scott, MP

Hibernia is finally a reality.

After years of exploration and study, the massive Atlantic offshore oil field development is set to begin.

On September 14, 1990, Jake Epp, Minister of Energy, Mines and Resources announced that unsettled issues had been cleared away and that, to signal the beginning of the project, two initial construction projects had been settled. All that remains is formal passage of Bill C-44 — the Hibernia Act.

Listing the varied benefits Hibernia offers creates a pleasant problem: one doesn't know where to begin. Perhaps it would be best to start with simple numbers.

Hibernia oil is projected to flow in 1996. Daily production of 110,000 barrels a day will represent 12 per cent of Canada's light oil production. This will add further diversity to Canada's already diverse energy supply.

Naturally, a project this big will involve a lot of jobs. For Newfoundland and Labrador, construction of the Hibernia project will bring much-needed prosperity to a region suffering setbacks in traditional industries. But other provinces, too, will benefit; up to 60 per cent of engineering, fabrication and drilling contracts will go to Canadian interests.

As well, developing the Hibernia project will create a new, high technology industry serving offshore energy recovery. This will

make Canada a leader in frontier energy technologies.

But Hibernia is not just an economic triumph. It is a victory for Prime Minister Brian Mulroney's personal

dedication to nation building and regional opportunity. Back in the early 1980's, the Trudeau government refused to acknowledge Newfoundland's right to offshore ownership rights and benefits. The Atlantic Accord, signed in February of 1985, was a break with the past and began a new era of opportunity for Atlantic Canada.

An Eulogy to a Genius

by Yvonne Guida

On Sunday, October 14th, 1990 the world lost one of its greatest geniuses Leonard Bernstein, conductor and composer, at age 72.

I had the privilege of knowing him and of painting his portrait.

To know 'Lenny' and watch his leaps on the podium as he literally tore the music from his fascinated musicians was a performance in itself. He was a maverick (often frustrating his audiences by keeping them waiting until he was ready) for he changed his suits after every act. He was complex, eager, restless, demanding, critical and flamboyant, but always sincere.

He felt a symphony could embrace the Universe. I became aware of him while at Tanglewood, Massachusetts, some years ago. Tanglewood is a mecca for artists and home of the Boston Symphony, con-

ducted at that time by Serge Koussevitzky and Bernstein was his protege. From there he was promoted to assistant conductor of the New York Philharmonic and later became director of this prestigious organization.

He was the first American

to conduct at La Scala in Milan, Italy, and at times conducted at the Met. His Broadway productions include West Side Story, Wonderful Town, Candide and many others. His rendition of Verdi's Requiem was superb.

Always burning his can-

dle at both ends, he was consumed by it long before his time. The world is a darker place because of it. Thousands of his fans and us who loved him can only whisper "Goodnight Lenny and rest in the peace you never sought."

Booklet explains services

by Doreen Hawman

The Office of Senior Citizens' Affairs, in partnership with the Ontario Association of Professional Social Workers' have released a revised and updated version of a booklet called, "How To Choose The Right Place - A Guide to Services and Facilities for Older People in Ontario". The new edition contains helpful information about the following services available in your community to help you maintain your present living arrangement. The Home Care program; The

Integrated Homemaker Program; Home Support Services; Public Health Services; Homemakers and Nurses Services Program; Assistive Devices Program; Emergency Response Systems; Transportation; Veterans Independence Program; Vacation Care/Respite Care. The booklet also

includes information about alternate accommodation and an excellent item about Power of Attorney.

Copies of the new guide are available at your nearest Information Centre. In Haliburton, the centre is open Monday - Friday 10:00 a.m. - 4:00 p.m. or call 457-2733.

News from Minden Legion Branch 636

For Your Service

Submitted by Dave McAdam.

Your P.R. Officer at 636, Georgina Deeks has been away seeing the sights of Portugal with others from Minden. As she has not been up on the branch activities while away she has requested I act as scribe for the October blurb.

It is important for you, the members, to note our annual Poppy Campaign is again commencing as of November 3rd. Our members will be on the street and at various locations around the town with their red and white boxes. They will be pinning poppies on our friends and neighbours in remembrance of our comrades who paid the supreme sacrifice in the name of freedom. Any members and comrades able to assist please call Comrade Ross Codlin 286-2786. He will welcome offers of help from you.

By the time you read this our Hallowe'en dress-up dance will have been held on Saturday past and on Wednesday past another Trivia night will have been held again. Both events, I am sure, will have been full of fun and enjoyment for all. The costumes are always humorous and some lucky persons will come away with some prizes from both events. We will later be publishing the name of the winner of the meat draw that took place at the dance.

You may wish to mark your calendars for some of the coming events. Our New Year's Eve dance has been moved ahead to Saturday, December 29th at 8 p.m. rather than December 31st as D.J.'s are in short supply on the 31st. This meets the approval of the general membership.

The next General Meeting is of course the first Wednesday of November - 7th at 7:30 p.m. President Sally will have a full agenda. You may wish to voice your views on the policy of your branch and participate in its operation so please try to attend.

This will be the last reminder for the Annual Honours and Awards Banquet on November 10th at 6:30 p.m. It will be in our

main lounge and Zone Commander Ken Bell will be our guest speaker. This is a chance also for the branch to say thank you to the many persons both members and fraternal affiliates who have devoted many hours of volunteer work and skill for the betterment of the Legion. Tickets for the banquet may be purchased at the bar.

Speaking of Honours and Awards banquets our Ladies Auxiliary held theirs on October 17th. The dinner and entertainment were hosted by volunteers from the branch. Their evening was enjoyable with good food, superb line dancing by The Minden Swingers and of course a turn around fashion show - for our ladies with some rather strange shaped models wearing some rather outlandish femme fatal creations collected from every corner of the Minden Land Fill Site.

The Breckon Branch's Memorial Parade was well attended. Seventeen of our members including our colour party joined comrades from other Zone F4 branches where the parade was colourful and the remembrance service dignified. We enjoyed a reception afterward at the Breckon Legion.

Our Remembrance Parade here is November 4th. Comrades from Kinmount Branch 441 and Haliburton Branch 129 will march with us from the fire hall at 2:10 p.m. to the County Cairn on Bobcaygeon Rd. (Library). Please fall in at 1:45 p.m. The service and wreath laying take place at 2:30 p.m. The parade and colour parties will be accompanied by the pipes and drums of the Branch 129 band. After the parade returns via Newcastle St. to the fire hall there will be a reception at the branch for the participants as well as our friends and guests.

We are invited to participate along with our colours, at Haliburton Branch Remembrance Parade on November 10th. They form up at 10 a.m. then march to the Cenotaph for an 11 a.m. service. The parade then returns to Branch 129 where there is a reception hosted by them.

The Friday night cribbage

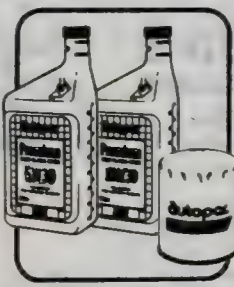

in-house tournament is not being well attended. The writer can vouch that the evenings have been enjoyable and the company are all good sports. Comrade John Jamies has the games well organized. Should you wish an enjoyable and inexpensive evening out, why not come along each Friday evening and join the fun. You will be most welcome.

On our sick and visiting roster we know of four who are struggling back to good health from a kick down the ladder. To you Tony Samarillo, and Ann McAdam and Jack Herrington and Bob Reynolds we sincerely hope you are all feeling better and have the worst of your ills, aches and pains behind you.

The branch wishes to extend heartfelt sympathy to the wife and family of one of our late members, Comrade William G. McAfee, who passed away October 12th. Please know Mrs. McAfee he will be remembered.

Residents enjoy movie about bear cub and racoon

Hi, Senior League readers. This week started by having tea provided by the ladies of Haliburton's St. Anthony's Roman Catholic Church. Since the auditorium was in use, we held the tea in the dining room. The ladies served a delicious lunch, we all enjoyed. We thank these ladies who were Kathleen Brewer, Geni Salvatori, Cecelia Scott, Joan Heppelton, Eva O'Hara and Victoria Formica.

Thursday evening two wives of Kinsmen came to call bingo, Marg Prentice and Daisy Downes. There were nine residents present and we spent a very nice evening. We certainly thank the ladies for coming.

Friday was Happy Hour, since there was no entertainment Doris played the piano and the residents and friends joined in with singing, so the afternoon passed by with everyone enjoying themselves.

Saturday, October 20, Mary and Lucy Burgess were visited by Alice Harrison, Betty Morrow and Kay England. These ladies had motored up from Burlington, in order to spend a short time with Lucy and Mary. They had been mem-

bers of Calvary Baptist Church, Burlington, Lucy and Mary were very happy to see them.

Saturday, Stan Griffith came in the afternoon, to play the piano for us. He played steady for one and a half hours, anything he could think of. His style is so different from other piano players who have been here. They all are enjoyable. How he keeps his fingers from being all tangled up I don't know. We thank Stan for a happy afternoon, and appreciate it greatly.

Sunday night, Chapel service was held by Rev. John Burgess, and Alice Jones accompanied the hymn on the organ. We sincerely thank Alice and Rev. Burgess for a comforting service.

Monday we had fun and fitness, foot massage and reading, our usual routine, with Tom McAllister showing movies in the evening. There were two reels on "A Tale of Two Critters". A cub bear, and young racoon who were up a rotting tree and the mother bear pushed the tree over into the rapids of a river. They floated down the river on the old tree. They finally

Senior League

by Winnifred Barnum

landed on shore, and they shared a summer, and winter as pals. I enjoyed the movie, and think those who attended did also. Thank you Tom for showing the movies to us.

Tuesday morning Chapel service was conducted by Rev. Dawn Gilby, of Kinsmount Anglican Church. It has been sometime since Rev. Gilby has been able to conduct this service, and we thank her and are glad she could come today. We

also thank Ruth Garrie for playing the organ this morning.

Congratulations to Bob Mitchel. His birthday was October 22 and to Margaret Robinson whose birthday was October 23. Best wishes to you both.

Tuesday afternoon Doris took us for a bus ride. She went up the old Bobcaygeon Road to Queen's Line, along this to Vankoughnet Road out to Highway 35 and

after stopping at Kawartha Dairy we arrived home shortly before 3 o'clock. It was a beautiful day, just perfect for a drive in the country.

Wednesday morning the main dining room was given a face lift. The tables all have new table cloths, and place mats. The cloths are a rose pink and the mats are a deeper colour than the table cloths. The tables

were rearranged, because we have so many wheelchairs we could hardly get through before. With the new drapes, table cloths, mats, and pictures it is a beautiful change for us.

Wednesday afternoon Ruth Ward, her niece and husband came to visit Vera Archer, and I had a short visit with her. We went to high school together in Haliburton.

THE CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Corporation of the Township of Stanhope proposes to enact a By-Law to stop up, close and sell part of the untravelled 66' original shore road allowance lying in front of Lot 11 Concession VI as set out and described in Schedule "A" attached hereto.

The Proposed By-Law will come before said Council for consideration at its regular meeting at the Township Office, in the Township of Stanhope on the 12th day of December, 1990, at the hour of 10:00 a.m. o'clock in the forenoon and at that time, Council will hear any person, or by his counsel, solicitor or agent, who claims that his land will be prejudicially affected, and who applies to be heard.

DATED: September 19, 1990.

Gerald Bain, Clerk
Township of Stanhope
R.R. 1, Haliburton, Ontario
KOM 1S0

SCHEDULE "A"

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Stanhope, in the County of Haliburton, and being composed of part of the 66' original shore road allowance lying in front of Lot 11 Concession VI, along the east side of the Kennis River and along the north side of Boshkung Lake and being designated as Part 1, Plan 19R 4891.

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Lutterworth, proposes to enact a by-law to stop up, close and convey to the abutting property owner a portion of the original allowance for road set out and described as follows:

FIRSTLY: ALL and singular those certain parcels or tracts of land and premises, lying and being in the Township of Lutterworth in the County of Haliburton and being composed of part of the original sixty-six foot shore road allowance along the shore of Moore Lake, lying in front of Part of Lot 26, Concession VI, and being more particularly described as Part 2 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-4884.

THE PROPOSED BY-LAW will come before the said Council for consideration at its Regular Meeting at the Municipal Office, located 3 miles south of Minden on Highway #35 on the 27th day of November, 1990, at the hour of 4:15 p.m. and at that time, the Council will hear in person or by his or her counsel, solicitor or agent any person who claims that his or her land will be prejudicially affected and who applies to be heard.

DATED at the Township of Lutterworth this 22nd day of October, 1990.

Jeunne A. Simpson, A.M.C.T.,
Clerk,
Township of Lutterworth,
P.O. Box 176,
MINDEN, Ontario
KOM 2K0

TOWNSHIP OF LUTTERWORTH requires a CLERK

DUTIES will include the full range of a Municipal Clerk's statutory responsibilities under Provincial and Municipal Statutes and reports directly to Council.

ANNOUNCEMENTS

HALIBURTON FAMILY VIOLENCE MEN'S GROUP
In Haliburton, there is a group counselling program to assist men, at no cost to them, in dealing with behaviours that physically, mentally or emotionally hurt the ones they love. This is a confidential service that does not judge or condemn, but helps you and those around you live a less troubled life. For information, referral and support, leave a message 457-1088. tfn.

Fowl Supper

St. Paul's ACW Ladies are having their Annual Fowl Supper on November 2. First sitting at 5 p.m., second sitting at 6 p.m. Adults: \$8, school-age children to adult: \$4, pre-schoolers free. Everyone welcome, come bring your appetite for our famous home baking. 10DE

CARD OF THANKS

I would like to thank my family and friends for attending my birthday party, and also for the many cards and gifts I received.

We would like to thank the many kind people who touched our lives at the time of Bea's illness and death. Thanks to our friends and neighbours for the flowers, food, cards, and messages of sympathy. Thanks to the Minden Hospital and a special thanks to Dr. Dawson and the Ladies of St. Pauls Anglican Church. A very special thank you to Reverend John Phillips for the beautiful service and his message of comfort and hope during a very sorrowful time, and also the Gordon A. Monk Funeral Home of Minden for a kind and helpful service. It was comforting to know so many cared.

Len Hamilton and family

Thank you to all of my friends for their gifts, visits, cards and phone calls during my stay at St. Joseph's Hospital.

Jack Harrington

CARD OF THANKS

I would like to thank my friends & relatives for the cards, gifts, fruit baskets, flowers & visits I received while in the hospital and after returning home.

Marjorie Coulter

BIRTHS

A sister for Jeremy!

HAMILTON - Kim & Margo are pleased to announce the birth of

BROOK NICOLE BEATRICE

weighing 7 lbs. 3 oz., on October 15, 1990. Proud grandparents are Jim & Linda Hamilton and Albert & Dora Foster. Special thanks to Dr. Tina Moga for a safe delivery. I would also like to thank all the nurses at Haliburton Hospital for all the great care.

IN MEMORIAM

SEARS, MILTON G. - In loving memory of Milton Sears who passed away November 4, 1987.

You may be gone but memories linger on as we went through good times and hard times. But we go on missing you still. You worked hard to raise your family and we know you are at rest

Jeanne Sears and Family.

AT REST

SHOLER, EARL DAVID ORIEN - suddenly at Sunnybrook Hospital in Toronto on Saturday, October 20, 1990 in his 70th year. Predeceased by his wife Maude. Dear father of Carl of St. Catharines, Marlene Irving and her husband Bill of St. Catharines, and predeceased by Roger. Loving grandfather of 7 grandchildren, dear brother of Grenville and his wife Christine of Haliburton, and Doreen Hodgins and her husband Edwin of Haliburton, dear foster father of Robert and James McIntosh.

Rested at the Gordon A. Monk Funeral Home, Minden, on Monday, October 22 and Tuesday, October 23, 1990. Funeral Service at Lakeside Baptist Church, Haliburton on Wednesday, October 24, 1990. Interment at Evergreen Cemetery, Haliburton.
